Objective

Interested in the role of a Computer Engineer where I can contribute my analytical skills and knowledge acquired by pursuing my degree in Computer Engineering. Looking for a dynamic and progressive company where my skills are utilized in the maximum way possible.

Education

Information Systems

Major

American International University-Bangladesh (AIUB)

Program: BSc in Computer Science & Engineering

Dhaka, Bangladesh *April 2018–December 2021*

- Cumulative GPA: **3.85/4.00**
- *Credits completed:* **148** (out of **148**)
- Relevant Coursework: Introduction to Programming Languages (C & C++), Object Oriented Programming I & II (Java & C#), Introduction to Database (Oracle), Advanced Database Management System(Oracle PL/SQL), Web Technologies (PHP, HTML, CSS, JavaScript, JSON, AJAX, MySQL), Computer Graphics (OpenGL, C++), Algorithm, Data Structure (C, C++), Object Oriented Analysis & Design, Software Engineering, Data Communication (MATLAB)Artificial Intelligence and Expert System (Python) and 30+ courses.

Dhaka City College, Dhaka

Higher Secondary Certificate

Group: Science *GPA:* 5.00/5.00

Dhaka, Bangladesh

2016 – 2017

Ashraf Nagar High School, Lalmohan

Secondary School Certificate

Group: Science GPA: 5.00/5.00

Barishal, Bangladesh 2014 – 2015

Project

E-Book

HTML, XML, CSS, JS, jQuery, Ajax, PHP, MySQL

Course: Web Technologies

- As a part of the final project submission, I developed a e-book website where there was 4 types of users.
- It is a project from scratch and the whole code base and database design by our 4 team members.
- Project link: https://github.com/imrul18/WEB TECH J

School Management System

C#, MS SQL

Course: Object Oriented Programming II

- In this system there are three types of user where users can login as a student, teacher and admin. Student can book courses and teachers can be assigned those courses by admin who manage the whole system.
- The project is written in C# and Microsoft SQL Server is used for Database.
- Project link: https://github.com/imrul18/OOP 2 B

College Management System

JAVA, ORACLE

Course: Object Oriented Programming I

- In this system there are three types of user where users can login as a student, teacher and admin. Student can book courses and teachers can be assigned those courses by admin who manage the whole system.
- The project is written in JAVA and Oracle Server is used for Database.
- Project link: https://github.com/imrul18/OOP 1 K

AIUB Campus View

OpenGL, C++

Course: Computer Graphics

- As a part of the final project submission, I developed probable view of AIUB.
- I have been developed view type simulation where I have the different types of campus view.
- It is a project from scratch and the technologies include OpenGL and C++.
- Project link: https://github.com/imrul18/COMPUTER GRAPHICS H

Personal website

HTML, CSS, Bootstrap, JS

- After completing a unofficial online course, I developed my own website by using HTML, CSS, Bootstarp and Javascript.
- Project link: https://github.com/imrul18/imrul18.github.io
- Website link: https://imrul18.github.io

Thesis website

HTML, CSS, Bootstrap, Python, Flask-framework

- I have developed website which is simulated view of our thesis part. As it was a part of my graduation, I need to make it user flexible. That's why I need to use Flask framework and solve my logical problem in python
- Project link: https://github.com/imrul18/ThesisWebsite

React Project

React.js, Node.js

- I have developed registration and login part with mySQL database. I need to use react Router, react Redux and so on
- Project link: https://github.com/imrul18/react_login_with_database

Awards and Scholarship

- Dean's award of AIUB (3times in a row)
- Academic scholarship on tuition fees in AIUB (60% scholarship holder)
- General scholarship holder in SSC exam
- Talent Pool Scholarship holder in JSC exam

▼ Skills

- *Programming Language:* C, C++, C#, Java, Python
- Project Management Tools: GitHub
- Scripting Language: HTML, CSS, PHP, JavaScript
- Database Management System: MySQL, Oracle, MSSQL
- *IDE*: Code Blocks, VS Code, Notepad++
- Application Package: Microsoft Office, Microsoft Excel Worksheet, Oracle, Adobe Premiere Pro, MATLAB
- Operating System: Windows, Mac, Oracle VirtualBox (Ubuntu)
- Framework: Flask, React.js, Node.js, Vue.js

V Language Proficiency

• Bangla: Mother Language

• English: Fluent

Recommendations

• Dr. Md. Mahbub Chowdhury Mishu

(Supervisor of Undergraduate Thesis)

Head of the Department, Computer Science, AIUB

Email: mahbub@aiub.edu

• MOHAMMED JASHIM UDDIN, PH.D.

Professor and Head of the Department, Mathematics, AIUB

Member: Academic Council, AIUB Department of Mathematics American International
